THE POTTER INVESTIGATION

WASHINGTON, June [illegible]

The [illegible] investigating committee [illegible] Morris [illegible]

Capt. Thomas A Jenks of New Orleans was ex[illegible] at [illegible] by Representative Reed. He testified that [illegible] his residence was in East Feliciana parish [illegible] position of [illegible] deputy marshal was ap[illegible] by Marshal Pitkin. Republicans in th[illegible] [illegible] they were afraid to register [illegible] account of intimidation

At this point McMahon inquired if Jenks [illegible] was called [illegible]

[illegible] he was. Whereupon McMahon said [illegible] any question [illegible] East Feliciana parish [illegible] affected Sherman and that the question [illegible] before this witness [illegible] regard to intimidation which wa[illegible] experienced [illegible]

A long discussion ensued [illegible] publicans [illegible] the ground that they had been [illegible] the organization of the committee to ascertain the proposed scope of the investigation during which Morrison stated that Sherman had required that one hundred witnesses be subpenaed by the sub committee who are to visit Louisiana the members of which have not yet been formally announced to testify with reference to intimidations that existed that it was his Morrison's intention at the proper time to ask the committee to refuse to hear statements of witnesses regarding intimidation in that state

McMahon finally withdrew his objections

The witness retold the [illegible] when McMahon again [illegible] discussion ensued

At the suggestion of Cox witness was allowed to proceed, with the understanding that a future meeting will decide whether the testimony relating to intimidation be accepted or stricken out

The witness [illegible] a letter written by James E Anderson requesting that he forward Anderson the original list given by witness to General Augur of nineteen murders committed in East Feliciana parish Anderson told witness he was attacked by Democrats and afterwards said he [illegible] clerk [illegible] Butler had something to do with it

Witness claimed that the paper shown him purporting to be such list was not the [illegible] he had signed and claiming it had been altered and was the document Anderson signed and swore to before Judge Campbell

Anderson requested witness to make affidavit that he Anderson was intoxicated when he signed that paper but witness refused He was perfectly sober Several months afterwards Anderson came to witness and wanted him to make a statement that he Anderson had never signed the protest and had a document written by [illegible] to that effect. Anderson told witness Major Burke had offered him several thousand dollars [illegible] if he would go back on his protest

Witness was asked what he knew of the so called Sherman letter and stated that the first he knew about the Sherman letter was on the [illegible] of January last when it was mentioned by Marshal Pitkin in conversation Never saw a letter written by Sherman to any one about the election of 18[illegible]

Captain Jenks said he identified several letters shown him as being in the handwriting of D A Weber and then he was shown the signature of Weber to the Anderson Weber contract and was asked whether he believed it to be genuine He replied he did not think it was that Weber always signed his name in a back hand that he had never seen him sign as this paper was signed that it might be Weber's signature but it was not his usual signature He had never seen that Anderson Weber contract before He also testified [illegible] Gov Kellogg's desire that Anderson should return to East Feliciana and discharge his duties as supervisor and that the governor had advanced him $[illegible]0 out of his own funds to pay his expenses He denied Anderson's statement [illegible] B Jenks not a cousin nor a relative of witness being gotten drunk at witness house and as to the facts of the conspiracy that there should be no election in East Feliciana being drawn out [illegible] That part of the statement which mentioned the fact [illegible] his [illegible] letter chairman of the Democratic state committee was true but her object was to get a guarantee for Anderson's protection from violence Witness testified about the $[illegible] which Anderson had received in Baton Rouge and said it was paid on a draft drawn on the Democratic candidate for district judge by the chairman of the Democratic state committee in New Orleans

It was intimated however by McMahon that the draft in question was [illegible] by Gov Kellogg and endorsed by the state supervisor Mr Hahn

The cross examination elicited that Jenks was tax collector in East Feliciana [illegible] that it was since claimed there was a deficit ($10,000) in his accounts and that an indictment was found against J B Jenks his deputy who got off by pleading the statute of limitation. J B Jenks was a candidate on the Republican ticket in '7[illegible] for parish judge West Feliciana Witness didn't know when he left New Orleans in whose behalf he was subpenaed Judge Shellabarger told him on arrival at Washington it was the Republican side have met the judge several times and talked over Louisiana matters generally His wife on arrival first called on Gov Kellogg, and then called for witness at Shellabarger's office who first told her he was subpenaed on the other side Witness after his conversation with Marshall Patten informed his wife that Marshall had asked if he had any knowledge of a Sherman letter and that he told him he hadn't [illegible] she said anything about it at that time or [illegible] his wife coming to Washington she went at once to see Mrs Weber at [illegible] the matter and afterwards wrote her at the solicitation of James E Anderson [illegible] Pitkin's mentioning such thing as the letter being in possession of Mrs Weber. My wife laughed at it [illegible] when I mentioned the letter and when she came back [illegible] Mrs Weber she said Mrs Weber denied ever having heard of such a letter Witness in reply to questions repeated his direct evidence that he never heard until the [illegible] of January of Sherman being connected with any letter or document and never suspected from anything that passed between wife and self that she knew of such a letter Wife and self came to Washington on business in response to letters from Kellogg and Packard asking whether she had letters which could aid them in securing the collectorship at New Orleans and senatorship thought likely his wife had these letters of Kellogg and Packard The object of them was to ascertain the truth or falsity of Anderson's statements that he had documents which would seat or defeat Kellogg When his wife was here she agreed for a [illegible] for him in the New Orleans custom house Witness had formerly been employed in the treasury office here under Spinner who was a special friend of his He was closely interrogated regarding his connection with Spinner and also regarding the Sherman letter He said his wife said she had the Sherman letter but said Anderson claimed to have a copy of it which was in his lawyer's hands Witness identified Anderson's signature to the original Anderson Weber agreement but failed to identify Weber's or that of the other witnesses Adjourned

Indian Doings in Nevada

A[illegible] June 21.—The *Herald* this evening publishes a letter from [illegible] in Smoky valley which states that the only Shoshones who have left that valley are a set of idle shiftless gambling and drinking bucks [illegible] that a majority of the band are quiet peaceful and industriously working on ranches Capt John chief of the band told the *Herald's* informant that his men do not want to fight but to work [illegible] why storekeepers in Austin refused to sell them powder and lead The attempt to purchase ammunition at this season of the year when there is no hunting is in itself a suspicious circumstance and indicates that the Shoshones while they may not in any considerable number go on the war path with the Bannocks are willing to smuggle ammunition to them and to give them aid and comfort in spite of peaceful assurances of Capt John to the contrary There is some little excitement at Battle mountain as is learned by a letter received from there, owing to the ambushing of the Rode party in Squaw valley A member of the party one of Russell & Bradley's herders had his horse shot from under him The party retreated to Battle mountain The letter says that while no danger is apprehended at Battle mountain things look squally in the immediate vicinity to the northward

Conkling and Gorham

Washington Special June [illegible]

The *World* prints a two column article from Mines its old Utica correspondent to prove that Conkling was really the instigator of the investigation into Hayes title and various articles in Conkling's home organ are quoted charging Hayes with having taken care of Packard Chamberlain and Corbin to prevent an investigation Mines says

I remember pressing the inquiry on Conkling as to what would be the practical result in case Hayes retirement was compelled but getting no satisfactory answer beyond a shrug of the shoulders and a review of past matters I only gathered that a change of fortune might bring a chance for Conkling or Grant and that Vice President Wheeler was no unfriendly I notice that the name of George C Gorham secretary of the senate was attached to the protest of the hysterical Republican congressmen against Mexicanizing this government If there is to be a revolution it may perhaps be found that Gorham has done his part secretly and quietly to bring it about His Washington letters published in the Utica (N Y) *Daily Republican* contain attacks on George William Curtis ex Congressman Roberts Stanley Matthews Secretary Evarts and President Hayes such as were eminently calculated to bring about a permanent division in the Republican ranks and to insure an investigation of the president's appointments to office and the reasons therefor Mines concludes [illegible] Conkling never seemed to have the slightest objection to Mexicanizing Hayes [illegible]

[From the Grant County Times]

[illegible] The whole affair [illegible] evening [illegible] [illegible] Malheur

The excitement among the settlers in this vicinity [illegible]

The [illegible] reported retreat of the Indians at the Malheur is [illegible] Last Saturday a settler arrived from Bar[illegible] [illegible] miles east from Camp Harney with the news that Egan with [illegible] warriors had left the reservation and was traveling in the direction of Juniper Lake The first intimation [illegible] seven or eight of their followers were camped [illegible] valley watching the movements [illegible] from whom they hate and fear [illegible] chief of the Piutes [illegible] Friday Win[illegible] [illegible] determined to go on the war path Burns at [illegible] sent word [illegible] the post notifying the com[illegible] [illegible] the settlers who apply for them

Report against Woman Suffrage.

Washington Special June [illegible]

The majority report of the senate committee on elections upon Sargent's joint resolution proposing a sixteenth amendment to the constitution prohibiting states from disfranchising women takes ground substantially that the amendment if adopted will make several million voters totally inexperienced in political affairs quite generally dependent upon the other sex all incapable of performing military duty and without power to enforce laws which their numerical strength may enable them to make and comparatively few of them wish to assume the irksome and responsible political duties which this measure thrusts upon them and which many men seek to evade Such a change should only be made as we[illegible] in response to a general public demand The thirty thousand names asking for this legislation were obtained through the efforts of woman suffrage societies thoroughly organized with active and zealous managers Without woman suffrage legislation for woman is constantly improving and the disability imposed upon her under the common law is being swept away by the spirit of the age The states are gradually granting suffrage to women perhaps with good results The committee regard it as unwise and inexpedient to enable two thirds of the states through an amendment to the constitution to force woman suffrage upon the other third in which public [illegible] [illegible] change

SATURDAY MORNING JUNE 22 1878

DEVELOPMENTS

It has been developed in the testimony before the Potter committee that a contract had been put in possession of Senator Matthews which was drawn up between James E Anderson and [illegible] Nash on the [illegible] November 1876 and in which it was agreed that Anderson should suppress evidence showing that the parish of East Feliciana in [illegible] state was fairly carried by the Democrats the consideration being that Anderson was to be appointed naval officer at New Orleans Nash was member of congress from the sixth district of Louisiana, and it was supposed his influence would secure for Anderson the appointment East Feliciana was not fairly carried by the Democrats however and Anderson's undertaking was simply the enterprise of an unscrupulous man who was trying to create obligations in his own behalf which would secure him a desirable office The vote of the parish in former elections had shown about 1 000 Republican majority the Republican poll being about 1 800 and the Democratic 800 But on this occasion when Anderson had agreed on consideration of receiving the naval office to suppress evidence showing that it had been carried fairly by the Democrats, the Democratic vote was suddenly increased to 1 735, and there was but a single Republican vote thrown in the parish This is the election which Anderson who was supervisor in that parish, now pretends was a fair one The facts and the evidence to sustain it is overwhelming, that he betrayed the parish to the bulldosers, and then tried to take care of himself with the other side by stipulation for office at New Orleans Against Senator Matthews there is however the most valid ground for criticism, in that with this agreement in his possession disclosing the villainous character of Anderson he wrote many letters promising to procure for him some satisfactory appointment and importuned the different heads of departments to give him some office to compensate him for his political services That Matthews should have exerted himself in behalf of such a scoundrel is a disgraceful thing The testimony makes it clear that Anderson was alternately betraying both parties The registration books of the parish, just before the election, showed 1004 white and 2 1[illegible] colored voters Out of these Tilden got 1 736 and Hayes only one a result that tells its own story But Anderson, as supervisor, in making his return six days after the election, said not a word about the bold intimidation without which no such result as the above would be possible Yet shortly afterwards he sent to the returning board a paper alleging that the election had been grossly fraudulent, and that he had been shot at and obliged to flee for his life from the polls He was negotiating with both parties and trying to maintain credit with both by lies and perjuries so that he might have a chance for office in case of the final success of either All this is well established by the testimony taken But the facts put Matthews in an unenviable position.

THE SILVER CONFERENCE

Even France manifests no disposition to take part in the silver conference which our government has invited England and Germany of course will not These three great nations standing aloof, the proposed conference will amount to little It is highly probable that agreement by them all, including the United States, upon one ratio between silver and gold, and unrestricted coinage of both metals would do much to give them fixity of relative value and make the maintenance of the so-called double standard possible. But England will not touch it It is not possible to make any impression on English opinion in this behalf, because the English people believe that the unchallenged supremacy which their commercial system has attained is largely due to the exceptional stability of their monetary system Germany some time ago demonetized silver, and has recently declined in express terms to take part in the conference our government has suggested French papers, representing the views of the financiers of their country, including those who shape the financial policy of the government, are said to have given three reasons why France should not participate in the conference, viz First, French statesmen have long been convinced of the impolicy of attempting to maintain the bimetallic system, since it is not possible to obtain agreement therefor among the great commercial nations, second, because in America the ratio between the two metals is fixed at 16 to 1, while France would insist on 15½ to 1, and third, because the invitation, coming from the United States, is looked on under the circumstances as an attempt to secure an international indorsement of an act toward our public creditors that would savor somewhat of bad faith. The small states like Switzerland and Belgium, are comparatively insignificant in point of numbers and commercial influence Russia is cursed with a depreciated paper currency and neither silver nor gold has any chance there Hence the Chicago *Times*, after an extended review of the subject, concludes that a conference of such nations as these—nations which either exclude specie from circulation by means of inflation, or are too insignificant to exert any considerable influence over the relative value of gold and silver—will not fall much short of the ridiculous. Only the great commercial nations could really exert any influence over the subject, and they refuse their co-operation.

According to the New York *Evening Post* the rules of the Stewart Home had very little if anything to do with its failure. It failed mainly because the prices charged for board and lodging was out of all proportion to the incomes of the persons for whom the building was ostensibly intended Rules or no rules, it was certain to fail so long as the cost of living there was beyond the reach of the proposed occupants.

Alexander H Stephens appears to recognize the attempt to beat him in his district because of his opposition to the secret purposes of the Potter investigation He has therefore written to the Augusta (Ga) *Chronicle* in his own defense He closes a long letter with these words In this conflict fierce and furious as it may be I shall remain as I am What others may do time must disclose.

The *Globe-Democrat* of St Louis which omits no occasion to suggest that Grant must be the Republican candidate for 1880 makes the singular statement that the Republicans did not willingly nominate Grant in 1868 and 1872 and asserts that political parties are sometimes compelled to do things

Salt Lake *Tribune* "Sherman thinks the army will be unable to cope with the Indians this summer Meantime Lo decorates his beautiful person with war paint and scalps innocent settlers, while a lazy lot of galoots called congressmen starve the army drink whisky and draw their pay

Stockton is ascertained that Beekman has a majority in Grant [illegible] majority in [illegible] state [illegible] majority in Grant [illegible] less than 23 majority

He Left Only a Ten-Cent Greenback.

From the Seattle Intelligencer

At the instance of creditors authority was given by the court to Sheriff Wyckoff to force open the safe belonging to C W Moore who absconded some three months ago and yesterday Mr D T Wheeler succeeded in getting it open without injury by drilling through it and picking the lock The only contents found were one ten-cent greenback and two photographs of the late Alex Barron We are creditably informed that Moore got away with about $10 000 Among the items were $3 000 borrowed on property $1 000 deposited by Old Dick the cripple for safe keeping $1 000 borrowed from the bank on the security of two of his friends and $400 of funds belonging to the Masonic Cemetery Association which was placed in his care

A gentleman married his servant A short time after their union he gave an evening party Conversation flagging, silence reigned when one of the ladies said "Awful pause!" The lady of the house immediately exclaimed "Awful paws indeed! So would you have awful paws if you had done the dirty work in your life that I have!"

SATURDAY MORNING JUNE 22, 1878

CITY.

DROWNED.—Charles A Manle [illegible] employed on board the steamer [illegible] as night watchman, fell overboard late last night while the boat was [illegible] alongside the *Great Republic* and [illegible] assistance reached him was drowned. [illegible] of the fatal accident Manle was waiting on the table, the men [illegible] the steamer being engaged in eating supper. He had just poured out the tea and stepped to the middle gang way to get a fresh [illegible]. A moment later and those [illegible] heard a splash. They [illegible] rushed with one accord to the edge of the [illegible]. It was not very dark and Manle was struggling in the water. One of the [illegible] stooped down and grasped for the [illegible] but failed to reach him. He then sank [illegible]. A boat was quickly lowered but [illegible] of the unfortunate man could be [illegible]. Search was made for the body [illegible] morning without avail. Up to [illegible] writing the remains had not been recovered. Deceased was unmarried, a native of Massachusetts, and is said to have been sober and industrious.

AN OLD LETTER.—A few days ago a letter [illegible] picked up in this city and left at this office, where it can be seen by those curious [illegible] disposed. There is nothing remarkable about the letter except its age. The letter was written by Capt. H D Wallen U S A to Col. J. S. Ruckle and bears date of Vancouver, W. T., July 31 1857—nearly 21 years. The contents are of a private character and for that reason are withheld from publication. Col. Ruckle, the person to whom the letter was written, died in Washington [illegible] years ago. We are not able to state whether or not Capt. Wallen is still [illegible] of the living.

[illegible]—LaChapelle has just completed a handsome pleasure row boat for a Victoria [illegible]. It is rather unusual for orders to come such a distance for boats. A boat [illegible] moored at Ross Island where the [illegible] can be provided for. It is suggested that a crew organize to enter into a race with a crew composed of Victorians [illegible] will no doubt be pleased to partake of [illegible] enjoyment during their stay here Fourth [illegible] week. More interest is being taken [illegible] and it is likely some races will [illegible] on the Fourth of July. Who [illegible]?

OSWEGO IRON WORKS—The *Telegram* says [illegible] Mr. R. F. Rice, who has just returned from the Iron works at Oswego, where he [illegible] job to deliver ore we learn that the company is offering only 50 cents per ton for delivering the ore at the smelting works [illegible] formerly was 75 cents to a dollar [illegible], the company will pay only half of the earnings per month with an [illegible] time for the payment of the rest. [illegible] thinks that even if the company [illegible] the whole every week, nothing is [illegible] at 50 cents per ton.

THE WEEKLY.—The current number of the WEEKLY OREGONIAN is one of the best ever issued from this office. Besides containing a large quantity of telegraphic news from all parts of the world, the paper is filled with miscellany, editorials, state and territorial news, reliable commercial reports, reviews of the markets and local intelligence [illegible] as a full and complete account of the Pioneer Reunion and the commencement exercises at the Willamette university. [illegible] cents per copy.

THE TEMPERANCE SOCIETY.—The meeting of the [illegible] temperance society on last Saturday evening, was a marked success. The [illegible] instrumental music was of a high order. Good speeches were made by ex Gov [illegible], Hon. C. V. Anthony and others and a number of new names were added to the pledge. The meeting this evening at the hall of the Y. M. C. A. is expected to be a success, and all are invited to attend. Exercises will commence promptly at [illegible].

[illegible] AT SALEM.—From the extensive preparations which are being made by the committee of arrangements, it is safe to say that the forthcoming celebration at Salem will be an immense affair. The following are the officers of the day: President of the Day, Hon. S. F. Chadwick; Orator, Hon. Elwood Evans; Reader, Geo W [illegible]; Chaplain, Rev. S. C. Adams; Grand Marshal, J. M. Patterson.

[illegible] AGENCY.—Mr. Geo W Weidler [illegible] acted in the capacity of agent for the [illegible] plying between this port and Sitka [illegible] years, and to say the least has [illegible] himself active, accommodating and [illegible] has been relieved, and Mr. N. B. In[illegible] appointed in his stead. We are compelled to say this exchange is nearly even, as [illegible] are staying jolly good fellows.

ENTERTAINMENT.—On Tuesday evening next a musical and literary entertainment will be given at the Congregational church for the benefit of the organ fund. An excellent programme has been prepared, in which some of [illegible] will take part. The tickets have been placed at a moderate figure and an evening of enjoyment is assured those attending.

LETTERS.—The following letters remain uncalled for in the Express Office in this city: [illegible] Brown, Mrs. H. K. Cummings, [illegible] W. Grimm, Robt Hodgson, [illegible] J. H Mallett, Jr., M S [illegible], [illegible] B. Smith, T. W Weeks, Wal[illegible] F. Wells.

[illegible].—Mr. G. W. Hume's packet [illegible] Miller, is at the berth in Astoria [illegible] cargo for San Francisco. She has [illegible] 5,000 cases of salmon, and the balance [illegible] lumber, valued in the aggregate at [illegible]. She will sail early next week.

[illegible].—The O. S. S Company's steamship [illegible] W. Elder was to have sailed from [illegible] for Portland on Thursday but [illegible] did not depart until Wednesday [illegible] former steamer will not sail for this [illegible] to-day.

[illegible].—By order of Capt Tom Mo[illegible], members of the Portland Light Battery are requested to meet at their armory [illegible] [illegible] o'clock sharp. A full attendance is [illegible].

[illegible] CHANGE.—We understand that [illegible] have been received here from Washington to remove the chief quartermaster's department from this city to Vancouver.

OUR THANKS.—We are laid under many obligations to Mr. J. H F Peck, purser of the steamship *Great Republic* for some [illegible] received.

MATRIMONIAL.—If reports be correct Mr [illegible] Blum will, to-morrow be one a [illegible]. We extend our congratulations [illegible].

PICNICS.

[illegible] the Presbyterian Baptist and Congregational Sunday schools of this city will [illegible] a grand picnic excursion. The steamer [illegible] has been chartered for the day and will leave the foot of [illegible] street this morning at [illegible] o'clock. A large barge will be attached to the [illegible]. Ample preparations have been made for the [illegible] of all who may attend. [illegible] may be confidently anticipated.

To-morrow, the Portland Turn Verein [illegible] excursion to New Era Park 21 miles from this city. Trains will leave the east side depot at [illegible] 8:30 A. M. and 1:30 P. M. and [illegible] will leave the grounds for Portland at [illegible] o'clock. [illegible] will be furnished by the Northwestern [illegible]. Abundance of refreshments can be [illegible] on the grounds. No tickets will be [illegible]. Tickets must be purchased before [illegible] the cars. BEAUTY:
OR, THE
Secret of a Fair Face.
An Item of Interest to Every Lady who Desires to be More Beautiful than she now is.
Unfortunately not one woman in a hundred, subjected to the whims of an American climate possesses that basis and starting point of true beauty, —a pure and clear complexion. Where nature has thus denied art must be called upon to furnish. It can be done, it is done daily. Dr. W. E. Hagan placed beauty within the reach of every unblessed daughter of Eve when he discovered the [illegible] simple article known in fashionable circles as the true secret of beauty, and called
MAGNOLIA BALM
The MAGNOLIA BALM is a pure device for creating a pure and blooming complexion. It conceals all natural blemishes in the most surprising and effective manner. It removes all roughness, eruptions, redness, blotches, freckles and tan with magical power. It drives away all evidence of fatigue and excitement. It makes the plainest face beautiful. It gives the complexion a dazzling purity and makes the neck, face and arms appear graceful, rotund and plump. [illegible] imitation of 17 or 40 look not more than 20 years old, and changes the rustic maiden into a cultivated city belle.
The Magnolia Balm conceals all blemishes and conceals every drawback to beauty, and, while it is as harmless as water, it is so life like in its effects that the closest observer cannot detect its use. Ladies who want to make themselves attractive can make an absolute certainty of it by using HAGAN'S MAGNOLIA BALM and we know of no other way. It is the cheapest preparation in the world all things considered and may be had at any drug store.

DR. PAUL M. BRENAN.

His Wonderful Success

IN THE TREATMENT OF ALL

Chronic and Difficult Diseases,

He has astonished the People of this Coast by his skillful Operations.

HE HAS TAUGHT IN HIS public and private lectures the true principles of health and life to both male and female. He has also warned them against habits that would be likely to produce disease in plain and comprehensive language. But where he has found them crushed and broken down by disease mentally and physically he has restored them to health and happiness for it is well understood that without health there can be no happiness.

DR. BRENAN

has made a specialty in the treatment of the following diseases. Catarrh, Bronchitis and all diseases of the throat and chest, by an entirely new system only known to himself. Diseases of the Kidneys and Urinary Organs including Spermatorrhea, Seminal Weakness or premature loss of Manhood. In the treatment of these diseases he has made a world wide reputation by his astonishing success not only on this Coast but throughout the whole United States. Diseases of the stomach bowels liver and kidneys as well as all diseases of the blood and skin he has become master of and never fails to give relief at once and permanently cures the case if he is applied to in time

THE DOCTOR HAS GIVEN SPECIAL LECTURES

to ladies only for years and is perfectly familiar with all female complaints and understands their delicate and refined organization as well as the proper remedies which should be used to allay their suffering and restore them to perfect health

THE DOCTOR HAS THIS ADVANTAGE

over most physicians—he can tell the patients disease the moment he comes in contact with them without any aid from the individual. This accounts in part for his great professional success

All surgical operations can be performed by his skillful hand and the patient need not fear the result.

DR. BRENAN

will send to those living at a distance and who can not well visit his office a list of Printed Questions and by the answers when filled out he can tell the disease as well as the proper treatment almost as well as seeing the patient personally and will forward the proper medicines or instruments to any part of the country with full instructions and advice. Each letter requiring advice or list of questions must contain two postage stamps

Everything strictly confidential and honorable

THE DOCTOR

has studied in the best Medical Schools in Europe and three years in the Jefferson Medical College at Philadelphia, as more than one of the Medical men of the Medical Faculty in this State can testify

CAUTION

Persons coming to Portland requiring medical treatment of the proper kind who desire to consult with me will please beware of persons who may try to coax them away to other so called Doctors through pretended friendship for the patients. Look out for them they are knaves prompted by selfish motives and what they can make. Be sure and ask for DR PAUL M BRENAN the *Medical Lecturer* and read his sign on his door
